In the section entitled “Combination of radium-223 and docetaxel is well-tolerated, and improves time to prostate-specific antigen progression and progression-free survival in men with metastatic CRPC” on page S144 of the recently published “Prostate cancer update from the American Society of Clinical Oncology (ASCO) Annual Meeting 2016” sup-

plement,¹ the incorrect drug combination was stated. *CUAJ* regrets the error and apologizes for any inconvenience. Visit <http://www.cuaj.ca/index.php/journal/article/view/4056/2814> for a corrected version of the data.
