

Woodstock Hospital is looking to recruit one full-time Urologist to join our team.

The successful candidate would:

- The successful candidate will join an organization providing a full range of urologic services including outpatient consultations, surgical care, inpatient management, and on-call coverage.
- Clinical services are primarily based at the Woodstock Hospital which provides community-based surgical services.
- Clinical Responsibilities:
 - Provide comprehensive urologic assessment, diagnosis, and management for adult patients.
 - Perform a full range of urologic surgical procedures.
 - Provide inpatient and outpatient consultations and follow-up care.
 - Participate in shared on-call coverage
 - Collaborate with multidisciplinary health care teams to ensure high quality patient care.
- Clinical Excellence:
 - Provide comprehensive general urologic care, including elective procedures and urgent/call coverage.
- Education & Mentorship:
 - The successful candidate must demonstrate a commitment to excellence in surgical education, actively participating in the training and supervision of residents.

About us:

Woodstock Hospital currently has 178 beds and serves a catchment area of 110,000. We are an accredited with Exemplary Standing and have a state-of-the-art facility. We also have a strong commitment to patient care.

Requirements: Independent CPSO license, Urology Certification from the Royal College of Physicians and Surgeons of Canada or equivalent and CMPA coverage
