

Pediatric Urologist Victoria, British Columbia

The Island Health Division of Urology has an opportunity for a Pediatric Urologist to join the group of six Urologists based in Victoria.

Island Health provides health care to more than 765,000 people across Vancouver Island. The successful candidate will be based in Victoria and will provide the majority of Pediatric Urology care for Island Health and will establish outpatient Pediatric Urology clinics in mid Vancouver Island. Telehealth facilities will be provided.

This position will require providing Adult Urology services as required, but the majority of the successful applicant's time will be caring for the pediatric population. Surgical services are centered at the two Victoria tertiary hospitals. The start date is flexible.

The successful candidate will have FRCSC qualifications and a 2 year ACGME accredited pediatric subspecialty fellowship or equivalent and will be eligible for full licensure with the College of Physicians and Surgeons of B.C. Through the UBC Island Medical Program there is the opportunity for academic affiliation and participation in teaching of medical students and residents.

Victoria, British Columbia's scenic capital, is located on the southern tip of Vancouver Island. Renowned for its breathtaking natural beauty and enviable quality of life, Victoria offers an opportunity to combine a rewarding career with a satisfying lifestyle. Few areas in the world can match BC's scope of outdoor activities, with Vancouver Island offering everything from skiing and snowboarding, to golf, and world-class fishing, sailing, kayaking and cycling. Our temperate climate, rich heritage and vibrant cultural scene, Victoria provides the very best of urban and rural living.

Qualified candidates please forward your CV, cover letter and names of five references by September 15, 2015 to:
