The CUA exists to promote the highest standard of urologic care for Canadians and to advance the art and science of urology.

The evolution and growth of the CUA has resulted in a well-developed organizational structure that is defined by 4 CUA Divisions: The Corporate Office, Annual Meeting, the Office of Education and the Journal. This set up facilitates our desire to serve and assist members in their many career priorities.

CUAJ is an integral division of our association and is intended to support the scientific needs of our members across all spectrums of practice. The relevance and impact of *CUAJ* continue to grow on an annual basis due to membership commitment, along with sound editorial management.

The Annual Meeting Division has been very active lately planning the upcoming 70th anniversary meeting in Ottawa. The scientific program in Ottawa will be robust and highly relevant to all. The Social Program has been finalized and will feature Rick Mercer on the Fun Night. ***I look forward to seeing everyone in Ottawa!***
