

## IN MEMORIAM

CUAJ honours its members and friends who have passed away. We invite colleagues of the deceased to submit brief remembrances. Please limit your notice to 200 words. Send your notice to [journal@cua.org](mailto:journal@cua.org) or fax it to 514-395-1664.

### Dr. Donald Thomas Hardy Paine

Dr. Paine died on January 28, 2011, at the age of 89. Born July 20, 1921, in London, England, Dr. Paine started his training in veterinary medicine, but WWII led him to medical school. After graduating from Guy's School of Medicine in London, he became a well-established surgeon and urologist. In 1956, he started a new life in Canada to escape the post-war socialized medicine and economic hardship in England.

He arrived in Montreal with wife Barbara and their firstborn son on January 1, 1956. He and his wife lives a happy life together for 57 years. With the family settled in North Bay, Ontario, he provided innovative medical service to Northern Ontarians as a urologist and general surgeon for the next 22 years. Against all odds, Dr. Paine led the establishment of the Northern Ontario Kidney Dialysis Unit at Civic Hospital, without any initial financial support from the Ministry of Health. The North Bay Dialysis Unit thrives today and, for more than 40 years, has extended the lives of many patients.

In 1979, Don and his wife Barbara "escaped" impending socialized medicine for a second time, moving to South Carolina near Myrtle Beach, where he, and especially Barbara, spent the next 20 years thoroughly enjoying the sun and warmer climate.

Dr. Paine was a highly committed family patriarch. He will be sorely missed by his surviving wife Barbara, who now resides at Cassellholme in North Bay, and his children Richard, Vicky, Nicholas, and Penny, and his six grandchildren Max, Alex, Morgan, Hunter, Logan, and Jagger.
