

Choosing Wisely Canada's National Meeting

Call For Abstracts

We are now accepting abstract submissions to be featured virtually at Choosing Wisely Canada's National Meeting on May 12 and May 13, 2021.

Showcase your Choosing Wisely Canada initiatives and innovative approaches based on the following themes:

- Quality improvement
- Measurement and evaluation
- Patient engagement
- Medical education

Abstracts will be accepted in English and French. Relevant abstracts will be published in a digital abstract book and considered for online presentations in concurrent breakout sessions.

Abstract Submission Guidelines:

Maximum 250 words. Content submitted after the word limit will not be included.

Please include the following information (if applicable):

- Goal
- Activities
- Impact
- Challenges
- Lessons learn
- For measurement and evaluation abstracts, please include background and methods

In your submission, please highlight how this work is relevant to Choosing Wisely Canada recommendations or campaign initiatives.

Themes to Consider:

- How to sustain and spread implementation of Choosing Wisely recommendations into practice
- Communication about overuse and Choosing Wisely with patients
- Strategies to avoid reintroduction of low-value tests or treatments during COVID-19 and beyond
- How has COVID-19 impacted your Choosing Wisely efforts

Registration:

All content included in the National Meeting will be presented free of charge. Registration will open shortly.

Submit An Abstract:

Visit our website to submit an abstract:
