

## **Functional and Reconstructive Urologist, Sunnybrook Health Sciences Centre & the University of Toronto**

---

The Division of Urology at Sunnybrook Health Sciences Centre and the University of Toronto are inviting applications for the position of a full-time functional and reconstructive urologist. The effective date for this appointment would be January 1, 2022.

We seek a full-time faculty urologist with fellowship training in female and male functional urology, neuro-urology, and reconstructive urology. The successful candidate will be expected to continue research in all aspects of female and male functional/reconstructive urology and urological trauma. The applicant is expected to spend up to 40% of their time with this as their focus. The successful candidate must possess a Masters level postgraduate degree in a relevant healthcare field, preferably with a focus on health services, and will be expected to design and implement research projects. The candidate should consider their areas of focus in the context of Sunnybrook's strategic plan:

<https://sunnybrook.ca/content/?page=strategic-plan-2021-25&rr=strategicplan>.

Evidence of excellence in teaching and research is required.

Clinically, the successful candidate will join an academic group providing comprehensive primary to quaternary urological and surgical care for the hospital, university, and the province. Our centre includes a strong resident and fellowship training program. The candidate should have strong interpersonal skills and work well as part of a team.

The candidate must be eligible for appointment at the rank of Assistant Professor at the University of Toronto and for certification with the Royal College of Physicians, Surgeons of Canada and licensed with the College of Physicians and Surgeons of Ontario.

Sunnybrook Health Sciences Centre is one of Canada's leading clinical and research hospitals. Sunnybrook is a fully affiliated academic health sciences facility of the University of Toronto and home to one of the university's three academies for undergraduate education. Sunnybrook has an international reputation for clinical excellence in research and is an acknowledged academic leader.

Application instructions:

Please submit a letter of intent, a curriculum vitae, and the name of three referees by November 22, 2021 to Dr. Avery Nathens.

Avery B. Nathens, MD  
Director, Trauma Services and Surgeon-in-Chief
