### **Dr. Gordon Allan Duke**

The CUA recently learned of the passing of Dr. Gordon Allan Duke following a struggle with cancer. He is survived by his wife Carol, and sons Daniel (Sheila) and Thomas, as well as his two granddaughters. Dr. Duke was predeceased by his beloved daughter Christine.

After graduating from the University of Saskatchewan School of Medicine, Dr. Duke interned and did a surgery residency at Hurley Hospital, Flint, MI. He completed a four-year subspecialty in urology at Tulane University and Charity/Veterans Hospital in New Orleans, LA.

For 30 years, he practiced in his home province of Saskatchewan, during which time he served as President of the Saskatchewan Medical Association and President of the Regina Regional Medical Association, as well as being active with the Canadian Medical Association and Canadian Christian Medical and Dental Association.

Upon retirement, Dr. Duke's continued passion to serve lead him and his wife to carry out three short medical missions in China and an extended one in Nepal.

Dr. Duke will be sorely missed by those who loved him and the many whom he treated.
