## Testicular cancer guideline stage I seminoma figure (Appendix)

In the recently published guideline entitled, “Canadian Urological Association consensus guideline: Management of testicular germ cell cancer” (Citation: Hamilton RJ, Canil C, Shani Shrem N, et al. *Can Urol Assoc J* 2022;16(6):155-73. <http://dx.doi.org/10.5489/cuaj.7945>) Supplementary Figure 2 (feautured in the online Appendix) for stage I seminoma was updated to better match the consensus recommendation and text. Furthermore, all units for AFP (ug/L) and HCG (IU/L) were updated for consistency

CUAJ regrets the oversight and apologizes for any inconvenience.
