Erratum – Title change for MIBC Guideline

The recently published “2025 Canadian Urological Association Expert Report: Muscle-invasive bladder cancer” (Kulkarni GS, Black PC, Sridhar SS, et al. *Can Urol Assoc J* 2025;19:E1-16) has been re-categorized as a Guideline. The new title will be “2025 Canadian Urological Association Guideline: Muscle-invasive bladder cancer,” and “Statements” have been changed to “Recommendations.” We apologize for the oversight.
